

Tenant Handover Instructions (Pre-Key Return)

This list highlights key tasks the Tenant *must* complete before the final post-rental check and handing back the keys. Please use the Post-Rental Check (Section III) of the main document as your guide.

1. Cleaning and Waste Management:

- **Empty Bins:** Ensure all four trash bins (2 Bar, 1 Men's Toilet, 1 Women's Toilet) are completely emptied.
- **Floors:** Sweep and/or mop all floor areas (Main Room and Bar Area).
- **Toilets:** Clean both toilet facilities.
- **Fridge:** The large usable fridge must be emptied of all contents and cleaned.
- **Bar Surfaces:** Wipe down all bar tops and counter surfaces.

2. Equipment and Inventory Check:

- **Furniture:** Confirm all tables (4)(2 Circular and 2 Rectangle), chairs (12), benches (7)(6 Long and 1 Small), and stools (9)(3 Steel and 6 Wooden) are present, accounted for, and undamaged.
- **Electronics:** Confirm the sound system, mixing desk, mixer, microphone, and all lights (including disco lights) are functioning and appear undamaged.
- **Personal Items:** Ensure all personal items belonging to the Tenant or guests have been removed.

3. Security Measures:

- **Lock Main Door:** The main entrance door must be securely locked upon exit.
- **Emergency Door:** The emergency door must be securely closed and locked.
- **Non-Tenant Areas:** Double-check that all restricted areas (small fridges, lower bar cupboards, electronics cupboard) remain locked and undisturbed.

Crucial Reminder:

- All cleaning and security measures must be completed *before* the scheduled key handover time.
- The condition of the room will be verified, and any damages, missing inventory, or required cleaning not completed will result in deductions from the security deposit.
